### Safety Data Sheet

| according to Federal Register / Vol. 77, No. 58 / Mond | ay, March 26, 2012 / Rules and Regulations   |  |
|--|--|--|
| Symptoms/effects after inhalation                      | : May cause respiratory irritation.  |  |
| Symptoms/effects after skin contact                    | : May cause skin irritation.   |  |
| Symptoms/effects after eye contact                     | : Direct contact with the eyes is likely to be irritating.   |  |
| Symptoms/effects after ingestion                       | : May cause gastrointestinal irritation.   |  |
| 4.3. Immediate medical attention and                   | special treatment, if necessary  |  |
| No additional information available                    |  |  |
| SECTION 5: Fire-fighting measures                      |  |  |
| 5.1. Suitable (and unsuitable) extingu                 | ishing media   |  |
| Suitable extinguishing media                           | : Water fog. Foam. Carbon dioxide (CO2). Sand.   |  |
| 5.2. Specific hazards arising from the                 | chemical   |  |
| Fire hazard  | : Not flammable.   |  |
| Explosion hazard                                       | : May form combustible dust concentrations in air.   |  |
| Reactivity   | : No data available.   |  |
| 5.3. Special protective equipment and                  | nrecautions for fire-fighters  |  |
| Firefighting instructions                              | : Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the   |  |
|  | environment. Prevent human exposure to fire, fumes, smoke and products of combustion.  |  |
| Protection during firefighting                         | : Do not enter fire area without proper protective equipment, including respiratory protection.  |  |
| SECTION 6: Accidental release measures                 |  |  |
|  | equipment and emergency procedures   |  |
| General measures                                       | : Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained cleaning  |  |
| General measures                                       | personnel properly equipped with respiratory and eye protection. Avoid dust formation.   |  |
| 6.1.1. For non-emergency personnel                     |  |  |
| Protective equipment                                   | : Wear Protective equipment as described in Section 8.   |  |
| Emergency procedures                                   | : Evacuate unnecessary personnel.  |  |
| Emergency procedures                                   | . Evacuate unnecessary personnet.  |  |
| 6.1.2. For emergency responders                        |  |  |
| Protective equipment                                   | : Wear suitable protective clothing, gloves and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".   |  |
| 6.2. Environmental precautions                         |  |  |
| Prevent entry to sewers and public waters. Av          | oid release to the environment. Notify authorities if product enters sewers or public waters.  |  |
| 6.3. Methods and material for contain                  | ment and cleaning up   |  |
| For containment  | : Sweep or shovel spills into appropriate container for disposal. Use explosion proof vacuum during cleanup, with appropriate filter. Handling equipment must be bonded and grounded to prevent sparking.  |  |
| Methods for cleaning up                                | : Minimize generation of dust. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). Use explosion-proof equipment. Ground equipment electrically.   |  |
| 6.4. Reference to other sections                       |  |  |
| See Sections 8 and 13.                                 |  |  |
| SECTION 7: Handling and storage                        |  |  |
| 7.1. Precautions for safe handling                     |  |  |
| Additional hazards when processed                      | : Dust may form flammable and explosive mixture with air.  |  |
| Precautions for safe handling                          | : Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Do not breathe vapors. Keep away from sources of ignition - No smoking. Product can present a dust explosion hazard if mixed with air at sufficient concentrations in the presence of an ignition source. Take precautionary measures to prevent dust generation and accumulation. |  |
|  |  |  |

# 7.2. Conditions for safe storage, including any incompatibilities Storage conditions : Keep container tightly closed in a cool, dry, and well-ventilated place. Storage temperature : <= 75 °C</td>

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| Xanthan gum (111    | 38-66-2) |
|---------------------|----------|
| OELs not establishe | d        |

#### 8.2. Appropriate engineering controls

Appropriate engineering controls

: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas.

#### 8.3. Individual protection measures/Personal protective equipment

Personal protective equipment symbol(s):

#### Personal protective equipment:

Gloves. Safety glasses. Insufficient ventilation: wear respiratory protection.

#### Hand protection:

Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Be aware that the chemical may penetrate the gloves. Frequent changes are advisable. Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl.

#### Eye protection:

Wear eye protection, including chemical splash goggles and a face shield when possibility exists for eye contact due to spraying liquid or airborne particles.

#### Skin and body protection:

Wear suitable protective clothing

#### **Respiratory protection:**

Use NIOSH (or other equivalent national standard) -approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment.

| SECTION 9: Physical and chemical properties                |                     |  |
|--|---------------------|--|
| 9.1. Information on basic physical and chemical properties |                     |  |
| Physical state   | : Solid             |  |
| Appearance   | : Powder.           |  |
| Color  | : Beige             |  |
| Odor   | : Bland             |  |
| Odor threshold   | : No data available |  |
| рН   | : No data available |  |
| Melting point  | : No data available |  |
| Freezing point   | : No data available |  |
| Boiling point  | : No data available |  |
| Flash point  | : No data available |  |
| Relative evaporation rate (butyl acetate=1)                | : No data available |  |
| Flammability (solid, gas)                                  | : No data available |  |
| Vapor pressure   | : No data available |  |
| Relative vapor density at 20 °C                            | : No data available |  |
| Specific Gravity   | : 1.5 @ 77°F        |  |

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Solubility                | : Soluble.          |
|---------------------------|---------------------|
| Log Pow                   | : No data available |
| Auto-ignition temperature | : No data available |
| Decomposition temperature | : No data available |
| Viscosity, kinematic      | : No data available |
| Viscosity, dynamic        | : No data available |
| Explosion limits          | : No data available |
| Explosive properties      | : No data available |
| Oxidizing properties      | : No data available |
|                           |                     |

#### 9.2. Other information

No additional information available

#### **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

No data available.

#### 10.2. Chemical stability

Stable at room temperature in closed containers under normal storage and handling conditions

#### 10.3. Possibility of hazardous reactions

No data available.

#### 10.4. Conditions to avoid

Protect from moisture.

### 10.5. Incompatible materials

Strong oxidizers.

#### 10.6. Hazardous decomposition products

Carbon monoxide (CO), carbon dioxide (CO2).

#### **SECTION 11: Toxicological information**

| 11.1. Information on toxicological effects         |  |
|--|--|
| Acute toxicity (oral)                              | : Not classified   |
| Acute toxicity (dermal)                            | : Not classified   |
| Acute toxicity (inhalation)                        | : Not classified   |
| Skin corrosion/irritation                          | : Not classified   |
| Serious eye damage/irritation                      | : Not classified   |
| Respiratory or skin sensitization                  | : Not classified   |
| Germ cell mutagenicity                             | : Not classified   |
| Carcinogenicity                                    | : Not classified   |
| Reproductive toxicity                              | : Not classified   |
| Specific target organ toxicity – single exposure   | : Not classified   |
| Specific target organ toxicity – repeated exposure | : Not classified   |
| Aspiration hazard                                  | : Not classified   |
| Viscosity, kinematic                               | : No data available  |
| Symptoms/effects                                   | : Not expected to present a significant acute hazard under anticipated conditions of normal use. |
| Symptoms/effects after inhalation                  | : May cause respiratory irritation.  |
| Symptoms/effects after skin contact                | : May cause skin irritation.   |
| Symptoms/effects after eye contact                 | : Direct contact with the eyes is likely to be irritating.                                       |
| Symptoms/effects after ingestion                   | : May cause gastrointestinal irritation.   |

#### **SECTION 12: Ecological information**

#### 12.1. Toxicity

Ecology - general

: No information available.

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 12.2.  | Persistence and degradability         |  |
|--------|---------------------------------------|--|
| ZanR   | ite                                   |  |
| Persis | stence and degradability              | No information available.  |
| 12.3.  | Bioaccumulative potential             |  |
| No add | itional information available         |  |
| 12.4.  | Mobility in soil                      |  |
| No add | itional information available         |  |
| 12.5.  | Other adverse effects                 |  |
| No add | itional information available         |  |
| SECTIO | ON 13: Disposal considerations        |  |
| 13.1.  | Disposal methods                      |  |
| Waste  | e treatment methods                   | : Do not discharge to public wastewater systems without permit of pollution control authorities.<br>No discharge to surface waters is allowed without an NPDES permit. |
| Produ  | ct/Packaging disposal recommendations | : Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.                                |
| SECTIO | ON 14: Transport information          |  |
| Depa   | rtment of Transportation (DOT)        |  |
| In acc | ordance with DOT                      |  |
| Not R  | egulated for Transport                |  |
| Trans  | portation of Dangerous Goods          |  |
| Not R  | egulated for Transport                |  |

#### Transport by sea (IMDG)

Not Regulated for Transport

#### Air transport (IATA)

Not Regulated for Transport

#### **SECTION 15: Regulatory information**

#### 15.1. US Federal regulations

#### ZanRite

All chemical substances in this product are listed in the EPA (Environment Protection Agency) TSCA (Toxic Substances Control Act) Active-Inactive Inventory of Feb 2019 or are exempt.

#### 15.2. International regulations

No additional information available

#### 15.3. US State regulations

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

#### **SECTION 16: Other information**

Other information

: Author: TB.

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| NFPA health hazard | : 1 - Materials that, under emergency conditions, can cause significant irritation. |
|--------------------|---|
| NFPA fire hazard   | : 1 - Materials that must be preheated before ignition can occur.                   |
| NFPA reactivity    | : 0 - Material that in themselves are normally stable, even under fire conditions.  |
| HMIS Hazard Rating |   |
| Health             | : 1   |
| Flammability       | : 1   |
| Physical           | : 0   |
