

Sand Fluid Mix

(when drilling any size hole in gravel or ground water, we highly recommend SureFlow Sand)

Short distance x 5" hole and less use PolyRite

Viscosity / Lube

6"- 8" hole use ZanRite-L and PolyRite
Extremely coarse sands, water sands, or gravel? Use SureFlow Sand

Suspension

Viscosity / Lube

9" and above hole use bentonite and SureFlow Sand

Viscosity

Viscosity/ Gel / Fluid Loss
